## RELIEF WORK BEGUN

EARTHQUAKES IN CHILE HAVE  
CEASED AND FIRES HAVE  
BEEN QUENCHED.

## DEATH LIST IS NOT KNOWN

IT IS BELIEVED THAT MORE  
THAN ONE THOUSAND PER-  
SONS PERISHED.

Santiago, Chile, Aug. 21.—Refugees arriving here from Valparaiso declare that 1,000 corpses already have been found there. The authorities are taking severe measures to maintain order. Twenty-five pillagers have been shot.

New York, Aug. 21.—The earthquakes in Chile have ceased, the resultant fires have been extinguished and people at Valparaiso and Santiago are taking organized steps to relieve suffering, care for the wounded and bury the dead. The period of sorrow has entered.

Dispatches from Chile tend to show that the first estimates of casualties and material damage had been greatly exaggerated and that the people of Valparaiso are becoming calmer. The fear of further shocks has been removed by a statement issued by the observatory and Monday it became possible for the first time to organize relief work and a systematic search of the ruins for the dead.

Santiago is coming to the rescue of her suffering sister. Public subscriptions have been opened for money, clothing and provisions, and the capital is caring for all refugees from Valparaiso who make their way across the mountains.

The government is putting down pillage wherever it breaks out with troops.

Number of Dead Unknown.  
It is still impossible to reach any correct estimate of the dead and injured. The reports from Chile are most conflicting. A large section of the country, however, was visited by the catastrophe of last Thursday and cable estimates of casualties refer in some instances to particular localities, notably Valparaiso, and in others evidently to the entire district which suffered from the shock. The number of dead in Valparaiso will doubtless run into the hundreds and the entire country into the thousands. The prop-

## Do You Want to Know What You Swallow?

There is a growing sentiment in this country in favor of medicines of known composition. It is but natural that one should have some interest in the composition of that which he or she is expected to swallow, whether it be food, drink or medicine.

Recognizing this growing disposition on the part of the public, and satisfied that the fullest publicity can only add to the well-earned reputation of his medicines, Dr. R. V. Pierce, of Buffalo, N. Y., has "taken time by the forelock," as it were, and is publishing broadcast a list of all the ingredients entering into his leading medicines, the "Golden Medical Discovery," the popular liver invigorator, stomach tonic, blood purifier and heart regulator; also of his "Favorite Prescription" for weak, over-worked, broken-down, nervous and invalid women.

This bold and open-spoken movement on the part of Dr. Pierce, has, by showing exactly what his well-known medicines are composed of, completely disarmed all harping critics who have heretofore unjustly attacked them. A little pamphlet has been compiled, from the standard medical authorities of all the several schools of practice, showing the strongest endorsements by leading medical writers of the several ingredients which enter into Dr. Pierce's medicines. A copy of this little book is mailed free to any one desiring to learn more concerning the valuable, native, medicinal plants which enter into the composition of Dr. Pierce's medicines. Address Dr. Pierce at above.

Dr. Pierce's Pleasant Pellets are tiny, sugar-coated anti-bilious granules. They regulate and invigorate Stomach, Liver and Bowels. Do not forget the "pill habit," but cure constipation. One or two each day for a laxative and regulator, three or four for an active cathartic. Once tried always in favor.

## \$50,000 GIVEN AWAY.

The People's Common Sense Medical Adviser, a book that sold to the extent of 500,000 copies a few years ago, at \$1.50 per copy. Last year we gave away \$50,000 worth of these invaluable books. This year we shall give away \$50,000 worth of them. Will you share in this benefit? If so, send only 21 one-cent stamps to cover cost of mailing only for book in stiff paper covers, or 31 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

erty damage is estimated at from \$200,000,000 to \$300,000,000.

Relief is being organized with system and the government has taken complete control. The foreign legations are active in their relief measures as are private persons, and the greatest energy is being devoted to getting in supplies for the destitute. The government has authorized the provincial governors to spend all the money necessary for the relief of the needy in their districts.

The remoter districts have not yet been heard from and efforts are being made to establish communication, either by wire or couriers, with the provinces.

The statement is made that every building in Valparaiso has been damaged, and the city has been described as "uninhabitable."

The Almendral quarter and the principal streets are mere heaps of ruins. It is reported that at several points the coast has listed above its former level. The troops are maintaining order. Santiago suffered much less than Valparaiso.

## DEATHS IN VALPARAISO.

Estimated by British Consul at One Thousand.

London, Aug. 21.—The foreign office has received a dispatch from the acting British consul at Valparaiso, dated Saturday, saying he estimated the deaths in Valparaiso at about 1,000. The entire city has sustained permanent injuries. Immense fires were raging in all directions. Robbery was being suppressed by flogging and shooting.

A telegram has been received from Mr. Ralkes, the British minister at Santiago, saying the earthquake had resulted in much loss of property but not many lives.

## ROBINSON CRUSOE'S ISLAND.

Reported to Have Been Destroyed by the Earthquake.

New York, Aug. 21.—A report has reached this city that the South American earthquake destroyed the island of Juan Fernandez, off the Chilean coast. It belonged to Chile and on it was a penal settlement and a fort.

This is the island made famous by Daniel Defoe as the scene of the thrilling adventures of Robinson Crusoe.

## Earthquake Was Foretold.

Santiago, Aug. 21.—It is a curious fact that the earthquake of Aug. 16 was foretold by astronomers, who based predictions on junction of Jupiter, the earth and the moon.

## Aged Negress Dead.

Ottawa, Kan., Aug. 21.—Mahala Lewis, a negress, said to be 120 years old, is dead here. She could tell many incidents in the life of George Washington, whom she insisted she had seen many times.

## TWO ITALIANS KILLED.

More Than a Score of Others Hurt in Railroad Accident.

Charlotte, Mich., Aug. 21.—Two Italian laborers are dead and twenty-five others are lying badly injured in the Charlotte House here as the result of an accident on the Michigan Central railroad, two miles east of here. A work train crew was relaying tracks and the engine of the train in some unexplained manner was backed into the train while the fifty laborers on the work train were eating their dinner. A majority of the men were sitting about on several flat cars, which were wrecked and thrown off the track when the engine crashed into the train. One of the laborers was instantly killed and another was extricated from the wreckage so badly hurt that he lived but a short time.

As soon as the uninjured Italians realized their fellows had been injured they rushed for the engineer, who ran his engine back up the track and escaped before they could do him harm. A relief train was sent from here and the dead and injured brought to the Charlotte House and given medical attention.

## STENSLAND IN CALIFORNIA.

Fugitive Banker Believed to Have Been in Colusa.

Colusa, Cal., Aug. 21.—Paul O. Stensland, defaulting president of the Milwaukee Avenue state bank of Chicago, is thought to have been seen in Colusa. On Sunday afternoon a well-dressed stranger appeared at the Hotel Riverside, engaging one of the best rooms. Later in the evening John Hartog, manager of the Colusa Chamber of Commerce, formerly of Chicago, who had a passing acquaintance with Stensland, came into the hotel. Hartog noticed a familiar look about the stranger, who had also scrutinized Hartog carefully. Monday morning the stranger left and has not been seen since. P. Poler, proprietor of the hotel, is unable to give any information other than that the man had registered as H. Smith and did not occupy the room. Hartog says the stranger resembles Stensland very much, except that he is smooth shaven.

## REVOLUTION IN CUBA

GENERAL MONTALVO APPOINTED  
COMMANDER OF FORCES TO  
SUPPRESS REVOLT.

## FIRST FATALITY RECORDED

LIEUTENANT OF RURAL GUARDS  
KILLED IN SKIRMISH WITH  
THE INSURGENTS.

Havana, Aug. 21.—The increasing uneasiness over insurrectionary manifestations in the western part of Cuba have been quieted to a slight degree by a decree of President Palma appointing General Rafael Montalvo, secretary of public works, to be in direct charge of all military operations against the insurgents. President Palma has decreed the increase of the rural guards to 4,000, the number contemplated in the bill introduced at the last session of congress.

Many men who served as officers in the Cuban revolutions against Spain visited or telegraphed to President Palma tendering their services for the suppression of the insurrection.

A special train Monday night took 100 rural guards from Santa Clara and 50 artillerymen from Havana to Pinar del Rio. Not even the railroad officials have been informed of the precise point of disembarkation of these forces.

It is evident that the Pinar del Rio insurgents are concentrating in the vicinity of the city of Pinar del Rio, intent on occupying it for their headquarters.

Both the government and the Western railway telegraph wires were cut Monday afternoon between Consolacion del Sur and Pinar del Rio, being down for several hours. Finally a guarded train took workmen from Pinar del Rio and repaired the lines. The workmen were not molested. Monday the telephone wires in that region were cut.

## Rumors of Fighting.

Numberless rumors are afloat of fighting in the western part of the province of Havana, but the only facts that have materialized are that Bandera's band, which has been increased to seventy, while proceeding near the railroad between Guanajay and San Antonio de los Baños encountered eight rural guards, who immediately surrendered, were disarmed and let go. Other smaller bands have gone out in that vicinity and probably will concentrate with Bandera's force. The latter has attacked and rifled stores and stolen mules and horses at pleasure. The band stopped one railway train and shot at an automobile.

Many revolutionists are reported to have left Guanajay, including Colonel Llaneras, who was captured with a negro companion and a coach loaded with arms, ammunition, medicines and twenty machetes.

Several more arrests have been made in Havana of persons suspected of aiding the insurrection. Some small quantities of arms and ammunition have been seized.

The house and senate after a conference with Secretary of State O'Farrell adopted a resolution declaring that the members would endeavor to secure jointly and personally the re-establishment of order.

The mayor of Consolacion del Sur has been suspended on suspicion of assisting the insurgents, and other officials are suspected.

## Conspiracy Discovered.

A conspiracy has been discovered at Matanzas and the authorities are in possession of a list of names of those alleged to be connected with the plot, several of whom have been arrested.

The first death resulting from the insurrection occurred Monday afternoon. While Governor Nunez was automobiling to the westward on the Guanajay road he overtook a detachment of twenty rural guards who were following the trail of the insurrectionary leader Bandera. Governor Nunez joined the party and with it went some distance off the main road, when suddenly one of the Bandera bands was encountered. In a rapid exchange of shots which ensued Lieutenant Gregorio Roque, the commander of the rural guards, was killed. The band escaped, dragging with them two of their men who are believed to have been mortally wounded.

Conservative estimates place the number of the insurrectionists at from 1,000 to 1,200. The department of the interior has received no news of importance from Pinar del Rio.

There is considerable discussion as to whether, in the event of Cuba being unable to suppress the insurrection, she should ask the United States for assistance or whether the United States may not intervene under the

terms of the Platt amendment without such request being preferred. In the meantime the government assumes that it is entirely able to cope with the situation, although the condition of unrest may continue for several weeks.

## FOR THE PANAMA CANAL.

Call Issued for Bids to Furnish Chinese Laborers.

Washington, Aug. 21.—Specifications for bids to furnish Chinese labor for the construction of the Panama canal have been issued by the Isthmian canal commission. The basis for bidding is invitations for 2,500 coolies, although it is made clear that the commission may call for such additional numbers of Chinese laborers as it may need, should the experiment be successful, but the number shall not exceed 2,000 per month. All proposals must be received not later than 10 a. m. Sept. 20, at which time they will be opened. The usual conditions regulating the competitive bidding for government supplies is prescribed by the specifications.

Individuals, co-partnerships or corporations competent to fulfill the terms of the proposal will be permitted to bid, but the proposals must be accompanied by a certified check or by a bond for \$50,000. The bond of the successful bidder will be advanced to \$100,000, which will be forfeited if he should fail to enter into a contract. Proposals are to be expressed in terms of hourly wages, payable in gold currency of the United States or its equivalent for the labor of not less than 2,500 Chinese for a period of not less than two years, which may be extended. Chinese laborers will be required to work ten hours each day. Overtime will be paid in excess of ten hours and for all the work done upon Sundays or holidays at the rate of time and a half.

## TRAGEDY AT MINNEAPOLIS.

One Colored Man Killed and Another Mortally Wounded.

Minneapolis, Aug. 21.—In attempting an assault on his sister-in-law, Percy Johnson, twenty-two years old, was shot and killed in this city by Arthur Shannon. Shannon himself was shot through the abdomen during the struggle with Johnson and is now at the city hospital, with little chance of living.

The shooting took place at 619 Tenth avenue south, the residence of Mrs. Bertha Walker, the woman in the case. All the three principals in the affair are colored, and Johnson and Shannon were lifelong friends and recently came to Minneapolis from Fort Worth, Tex. Shannon roomed with Mrs. Walker, and Johnson, whose true name is Gaines, lived at 1923 Fifth avenue south.

There was no witness to the shooting.

Johnson was shot five times by Shannon after the latter had wrested the revolver away from Johnson, who first shot Shannon in the abdomen.

## TROOPS WILL BE TRANSFERRED.

Colored Soldiers to Be Removed From Fort Brown, Tex.

Washington, Aug. 21.—Orders have been issued by the military secretary, Major General F. C. Ainsworth, for the transfer of the colored troops from Fort Brown, Tex., where there has been serious trouble between citizens and soldiers, to Fort Ringgold, Tex., which is about 100 miles above Fort Brown and is also on the Rio Grande.

The company ordered to Fort Brown to replace the colored troops is made up of white men. This shifting of troops was made subsequent to a report from Major C. W. Penrose on the situation at Fort Brown and after an appeal by Senator Culberson to President Roosevelt. In his report Major Penrose says he was persuaded that the killing of one citizen in Brownsville and the wounding of another were the work of soldiers, although he was unable as yet to discover who the guilty men are.

## FLOODS TIE UP TRAFFIC.

Cloudbursts Delay Trains in Arizona and California.

Los Angeles, Cal., Aug. 21.—Floods in Arizona and southern parts of California, as a result of cloudbursts, have completely tied up the transcontinental lines of the Santa Fe and Southern Pacific. No trains have gone East from here since last Saturday and several bound West are held at various points.

The rain has now ceased, however, and conditions are improving.

## WHILE GOING AT FULL SPEED.

Trolley Car Jumps the Track and Three Persons Are Killed.

Wapakoneta, O., Aug. 21.—A Western Ohio interurban car jumped the track while going at full speed at Cridersville, five miles south of here, killing three and injuring over twenty persons. The dead:

John Van Clapper, motorman, Lima; Otto Koch, passenger, Wapakoneta; Miss Iva Rinard, aged eighteen, Cridersville.

## H. F. MICHAEL CO.

### MEETS HIS APPROVAL

PRESIDENT ROOSEVELT WRITES  
A LETTER PRAISING THE  
WORK OF CONGRESS.

GIVES HIS VIEWS ON TARIFF

NO CHANGE SHOULD BE MADE IN  
LAW UNTIL IT WILL DO MORE  
GOOD THAN HARM.

New York, Aug. 21.—A letter written by President Roosevelt to Congressman James E. Watson of Rushville, Ind., reviewing and approving of the work of the present congress and declaring "to change the leadership and organization of the house at this time means to bring confusion upon those who have successfully engaged in the steady working out of a great and comprehensive scheme for the betterment of our social and civic conditions" was made public during the day. The president said also that he hopes the present congress will enact laws prohibiting political contributions by corporations, lowering the duties on imports from the Philippines and limiting the number of hours for railway employees. Of the tariff Mr. Roosevelt says:

"We stand unequivocally for a protective tariff and we feel that the phenomenal industrial prosperity which we are now enjoying is not lightly to be jeopardized to secure here and there a small benefit at the cost of general business depression. But whenever a given rate or schedule becomes evidently disadvantageous to the nation because of the changes which go on from year to year in our conditions and where it is feasible to change this rate or schedule without too much dislocation of the system it will be done; while a

General Revision of the Rates and schedules will be undertaken whenever it shall appear to the sober business sense of our people that on the whole the benefits to be derived from making such changes will outweigh the disadvantages; that is, when the revision will do more good than harm.

"Let me add one word of caution, however. The question of revising the tariff stands wholly apart from the question of dealing with the so-called trusts—that is, with the control of monopolies and with the supervision of great wealth in business, especially in corporate form. The only way in which it is possible to deal with those trusts and monopolies and this great

corporate wealth is by action along the line of the laws enacted by the present congress and its immediate predecessors. The cry that the problem can be met by any changes in the tariff represents, whether consciously or unconsciously, an effort to divert the public's attention from the only method of taking effective action."

Mr. Roosevelt then enters on a review of the work of congress and the important measures passed by it, measures which, he declares, are important not in a partisan sense, but are important because they subserve the welfare of the people as a whole.

CANNOT ESCAPE ENDORSEMENT.

Illinois Democrats Certain to Favor Bryan for President.

Peoria, Ill., Aug. 21.—Whether it pleases him or not, William J. Bryan will be endorsed as the next presidential candidate of the Democracy by the state convention of the Illinois Democracy, which will be held here this week.

Mr. Bryan has stated that under certain conditions he does not care for the endorsement of the Illinois Democracy, but this will have little bearing upon the convention and Mr. Bryan will be endorsed irrespective of the fact that he has announced that he does not desire the approval of the Illinois Democrats officially expressed if Roger C. Sullivan of Chicago is allowed by the convention to retain the position of national committeeman.

It is expected that there will be stormy times in the convention, but all debates will lead to the same ending, which will be the endorsement of Mr. Bryan as a presidential candidate. If his friends are successful in their attempt to gain control of the convention he will be approved as a matter of course. If the men to whom Mr. Bryan has said that he is opposed succeed in retaining control of the party organization, they will endorse him, no matter what he says.

So confident are the Sullivan forces that they are to dominate the convention that endorsement of Mr. Bryan is already drawn up. It contains a little stinger to the effect that while Illinois Democrats are strongly in favor of Mr. Bryan, they are also emphatically in favor of home rule in politics without interference from the outside.

Steal a Safe and Dynamite It.

Crookston, Minn., Aug. 21.—After carting a 400-pound safe out of Andrew Wygaard's confectionery store, robbers hauled the strong box to a refrigerator car, where they covered it with straw to deaden the noise, and then dynamited the safe. They secured \$300 and escaped on a stolen gasoline speeder.

## WILL ENDORSE CANNON.

Illinois Republican Leaders Favor His Candidacy.

Springfield, Ill., Aug. 21.—The feature of the Republican state convention, which meets here this week, will be the endorsement of Speaker Joseph G. Cannon as the Republican nominee for president. This action was decided upon Monday night at a conference of state party leaders. All factions are united in giving Speaker Cannon's presidential boom enthusiastic support. Another interesting event will be the endorsement of Senator Shelby M. Cullom for re-election to the United States senate. Senator Cullom carried the recent primaries and no other name will go before the convention for senator.

The indications are the convention will be a harmonious one. The offices to be filled are state treasurer, superintendent of public instruction and three trustees for the state university.

## LEWIS MORRISON IS DEAD.

Noted Actor Succumbs to Shock After an Operation.

New York, Aug. 20.—Lewis Morrison, the actor, whose work as Mephisto in "Faust" gained him fame, died suddenly of shock on Saturday afternoon after undergoing an operation for a disease of the stomach.

Taken suddenly ill last week, Mr. Morrison was informed by his physicians that an immediate operation was necessary to save his life. He was under engagement to start for San Francisco on Friday.

Lewis Morrison was born of English parentage in Kingston, Jamaica, in 1845. He came to this country at an early age and enlisted on the Union side in the Civil war. He rose to the rank of lieutenant and on his honorable discharge received the rank of captain. He then entered the theatrical profession, making his first appearance in the old Varieties theater, New Orleans, with Lawrence Barrett in 1865. He was afterwards associated with Edwin Booth, Edwin Forrest, Tomaso Salvini, Adelaide Neilson, Charlotte Cushman, Jananushak, Ross Coghlan, and Agnes Booth. He was also associated for nine years as leading man with the old Walnut street stock company in Philadelphia.

## STORM IN PENNSYLVANIA.

Causes Heavy Damage to Property but No Loss of Life.

Pittsburg, Aug. 20.—Reports received from points in Allegheny and neighboring counties indicate that great damage has been done by a storm that passed over Western Pennsylvania.

Telegraph and telephone communication was interrupted at many points and the full extent of the damage has been impossible to ascertain.

Railroads suffered from washouts and many delays resulted. No lives are reported lost. The storm failed to strike Pittsburg. From all points crop damage appears to be heavy.

## DEPENDS UPON THE WIND.

Millions of Dollars' Worth of Property Endangered by Fire.

Duluth, Aug. 20.—The lack of wind is the only thing that now prevents a possible reign of terror from forest fires on the Mesaba and Vermilion ranges.

The Mesaba range is a veritable furnace as a result of the fires that have spread and are still spreading over the parched surface of the ground and swamps, and heat and smoke are almost unendurable. Millions of dollars' worth of property in towns and mines are in peril and the danger hangs solely upon the direction and force that the wind may take at any time.

## Fourteen Persons Injured.

Granite City, Ill., Aug. 20.—One man was probably fatally and thirteen other passengers slightly injured in a collision between two street cars here.

## TELEGRAPHIC BREVITIES.

Count Roger De Castellane, son of the late Marquis de Castellano, is dead at Paris.

J. B. Butler was nominated for congress by the Democrats of the Tenth congressional district of Iowa.

The First National bank of Chelsea, Mass., has been closed by order of the comptroller of the currency.

Thursday was the hottest day of the year in St. Paul, the government thermometer recording 93 degrees above zero.

Herman and Henry Schultz were badly injured at St. Paul when a street car hit an oil wagon upon which they were riding.

Hot Springs, Ark., has been selected as the meeting place of next year's convention of the International Typographical union.

Rev. Dr. Richard Eddy, one of the most prominent Universalist clergymen in New England, is dead at Gloucester, Mass.

## MAY BECOME RECONCILED.

Warring Factions of Zion City May Adjust Differences.

Chicago, Aug. 17.—There is a possibility that the warring factions at Zion City may become reconciled. General Overseer Wilbur Glen Voliva visited Dowle Thursday at Shiloh House for the purpose, it is believed, of bringing about a compromise. Neither Dowle nor Voliva would discuss the meeting.

## Sweet Marie Breaks a Record.

Poughkeepsie, N. Y., Aug. 17.—Besides winning the free-for-all trot in the grand circuit meeting here Sweet Marie established a new world's record for trotting mares by going the second heat of the race in 2:04½. The previous record was 2:04½, held by Lou Dillon and Sweet Marie. It was the fastest mile trotted on any track this year.

## Alleged Embezzler Arrested.

New York, Aug. 16.—On a charge of being a fugitive from justice, it being alleged that he is wanted in Memphis, Tenn., on a charge of embezzling \$10,000, Clark T. Barton, thirty-seven years old, has been locked up in police headquarters. The Memphis authorities have been notified.

## The Liverpool & London & Globe Ins. Co.

Chicago, Aug. 13th, 1906.

"The confident announcement made that our home office would furnish the needful funds to maintain the surplus of our United States branch has been fully realized, the Home Board having passed a resolution clearly expressive of that intention, and in furtherance of this, remittances have been made to date to our San Francisco office of \$3,500,000, all drawn from abroad.

"We have made settlements with 187 of our claimants up to the date of our last advices, August 9th, amounting to \$1,452,994.00, and by the close of this month fully ONE MILLION will be added to that total. Every loss has been paid immediately on adjustment, and this course will be strictly followed until our last liability has been discharged.

"The honorable record made by this Company in the large conflagrations of Chicago, Boston, Baltimore and San Francisco we believe should commend the policies of this Company to all desiring first-class indemnity, and we confidently ask that we be judged on our record and favored with whatever confidence we may deserve."

# APPOINTING THE ELECTION JUDGES

This was one of the Most Important of the Business Matters Taken Up

## AT THE COUNCIL MEETING

Matter of Special Rate for Arc Lamp for Studio was Again Referred

The council meeting Monday night was peaceful in the main. Only on one or two points was there serious difference of opinion. It being pay day night the attendance was light and as a result there were several important matters laid over for consideration later.

When President Johnson called the council to order Monday evening the following aldermen answered to their names: Halladay, Gardner, Opsahl, Farrer, Twohey and Johnson.

Alderman Peterson came in while the minutes were being read.

Minutes of previous meeting were read and approved.

Financial report of the city clerk was read as follows:

RECEIPTS.	
Electric light collections	\$ 2,571 36
Municipal court fines	115 00
Crow Wing county settlement	14,185 86
Licenses	3,000 00
State fire appropriation	603 95
\$ 20,475 17	

DISBURSEMENTS.	
City expenses	\$ 650 83
Printing	96 88
Lateral sewer "J"	9 42
" " "K"	9 42
Streets sidewalks and bridges	2,821 54
Electric light fund	621 10
\$ 4,372 27	

Outstanding indebtedness	\$26,792 86
Outstanding indebtedness	25,051 60
Aug. 1	\$ 1,741 26
Decrease	\$ 1,741 26

Alderman Farrar could not understand why there was not a bigger showing of reduction of floating indebtedness and the report was on motion referred to the finance committee.

Bill of the Slipp-Gruenhagen Co. which was laid over at the last meeting for the "O K" of the city engineer was allowed.

On the matter of the lighting of the Oak street crossing the Electric Light committee recommended that the city put in the light and maintain the same. The report was on motion accepted and light ordered in.

The electric light committee reported recommending the raising of the wages of Supt. J. Peterson, by \$10 a month, and that Mr. Christenson day engineer be raised \$5 per month. On motion the matter was laid on the table until next meeting. Alderman Towhey suggested that the salary of Mr. Nick Heller be raised to \$1.25 per day.

The electric light committee recommended that Alderman Opsahl be granted a special rate on his arc lamp.

Alderman Farrar spoke strongly against giving anyone any special rate. He contended that if Alderman Opsahl did not use any more current than he was paying for he could not object to having it put on the meter. President Johnson took the same stand.

Alderman Twohey suggested that it be put on a special meter for a month or so and tested.

Alderman Halladay suggested that the committee be given further time, which was done.

The matter of the sidewalk at the Hoffman property at the corner of sixth and Laurel was taken up and discussed quite extensively. The street committee was rather inclined to believe the federal building bid was simply a bluff but two of the aldermen had seen the

bid and knew the situation and there was no action taken.

The following sidewalks, all to be six feet wide, were ordered built:

In the town of Brainerd as follows: Along the south and east sides of the east 1/2 of the southeast 1/4 of block 98. In front of lots 1, 2 and 3, block 192. In front of lots 7, 8 and 9, block 186. In front of lots 13 to 18, inclusive, and on the west side of lot 18, in block 44.

In the addition to the town of Brainerd, as follows: In front of lots 5 to 10 inclusive, and 15 and 16 and along the east side of lot 7, in block 38. In front of lots 15 to 18, inclusive, and along the west side of lot 18, in block 40.

In front of lots 1 to 12, inclusive, in block 80, lying partly in the town of Brainerd and partly in the first addition to the town of Brainerd.

In front of lot 11, in block 11, in the town of Brainerd.

The appointment of judges and clerks of election came up and the following list was appointed:

First Ward—Judges—Wm. Erb, Martin Cvig, Francis Britton. Clerks—G. H. Gardner, Oscar Hagberg.

Second Ward—Judges—John McCarty, R. J. Hartley, C. W. Ruffee. Clerks—H. J. Spencer, Wm. Nelson.

Third Ward—Judges—Elmer E. Warren, A. M. Wallace, A. E. Whitney. Clerks—H. T. Skinner, W. T. Mooney.

Fourth Ward—Judges—P. G. Fogelstrom, John Larson, W. W. Hendrickson. Clerks—Albert Ford, R. S. Bradenburg.

Fifth Ward—Judges—John Russell, John Hurley, Ole Nelson. Clerks—Fritz Hagberg, P. D. O'Brien.

## DEATH LIST IS LARGE

Hot Weather is Hard on the Little Ones and on the Aged And Infirm

### THREE DEATHS YESTERDAY

Two Babies and one Old Gentleman Passed Away Yesterday—Many are Sick

The hot weather of the past week has been very hard on the little ones and on the old and otherwise infirm. There were three deaths reported in and near Brainerd yesterday.

One death was that of an old man, Perst Filix, of St. Mathias, aged 75 years. Mr. Filix was stricken with paralysis and died about 4 o'clock yesterday morning. He had lived seven years at St. Mathias and had one daughter, a Mrs. Cossette, living in Brainerd. The funeral will be held at St. Mathias tomorrow with interment in the cemetery at St. Mathias.

The other two deaths reported are the little ones. One was baby Russell, the two days old daughter of Mr. and Mrs. F. E. Russell, living at 1212 South Seventh street. The little one died night before last and was buried yesterday afternoon.

The third death was that of the little son of Victor Erickson, living on 19th street, Southeast. The child was one year and nine months old and died of cholera infantum. The father is in Dakota working in the harvest fields and no funeral arrangements have been made.

The little son of Victor Carlson, whose death was reported in yesterday's Dispatch was buried this afternoon, the father having arrived from Tower, N. D., this morning.

Besides the deaths reported there has been much sickness caused by the heat. Many children are suffering from the heat and bowel troubles resulting therefrom, and there is also much sickness among older people.

### The End of the World

of troubles that robbed E. H. Wolfe, of Bear Grove, Iowa, of all usefulness, came when he began taking Electric Bitters. He writes: "Two years ago kidney trouble caused me great suffering, which I could never have survived had I not taken Electric Bitters. They also cured me of General Debility." Sure cure for all Stomach, Liver and Kidney complaints, Blood disease, Headache, Dizziness and Weakness or bodily decline. Price 50c. Guaranteed by H. P. Dunn & Co., drugstore, Brainerd, Minn.

### Fun on the Pike

One of the departments of the Minnesota state fair which may always be depended upon to furnish a large grist of amusement, is the Pike which will be carried on this year much the same as last except that it will be better in every particular. The Pike occupies the large enclosure on the west side of the grounds in the vicinity of the livestock department. After entering its gates one may see a large variety of free amusements including a dare devil bicycle ride and leap, or a dozen different shows covering a wide range and amusements may be entered for a small fee. Among these special shows is Switzerland, an electrical and scenic spectacle brought from the Paris exposition at great expense; Creation, the Sun Flower Belles, Katzenjammer Castle, the wild animal show and moving pictures from San Francisco. To include all that may be seen on the Pike and to describe the shows with any particularity would require extended space. It is enough to say that the show will be of high character and that fakes have been rigidly excluded. In every pavilion comfortable opera chairs are provided for spectators. The fair opens on Monday, Sept. 3d, and continues for one week. Half fare tickets on all railroads will be on sale on the Saturday previous so that all may reach the cities for the great events of the opening day.

### THREE DIE BY FIRE.

Two Minnesota Men and a Negro Perish at Larimore, N. D.

Larimore, N. D., Aug. 21.—Two Minnesota men lost their lives and a negro is supposed to have been killed in a fire that destroyed the largest livery establishment in the city, owned by Thomas Kelly. The victims of the blaze were Harry Krause of Bemidji and his traveling companion, Andrew Anderson. James Hogge, colored, is missing. The origin of the fire is not known.

Flames were discovered bursting through the front of the barn at about 2 o'clock in the morning, and a few minutes later the entire structure was a mass of flames. The blaze spread to J. W. Smith's blacksmith and machine shop, which was destroyed with its contents. In the livery barn were thirty-one head of horses, some of them of more than ordinary value. The total property loss is placed at \$16,000.

### REMEDY FOR HAY FEVER

After Trying Other Treatments, Mr. Forbes Used Hyomei With Perfect Success.

Before the discovery of Hyomei the only advice a physician could give to hay fever patients was to go away from home; but now if Hyomei is used any one who is subject to this disease can stay at home without fear of the annual attack of sneezing, the watery eyes and other discomforts.

Mr. J. F. Forbes, a well-known western railroad man of McCook, Neb., writes: "I never had any relief from any hay fever remedy even temporarily until I discovered the merits of Hyomei. I always recommend it when occasion presents."

There is no offensive or dangerous stomach dosing when Hyomei is used. This reliable remedy for the cure of all diseases of the respiratory organs is breathed through a neat pocket inhaler that comes in every outfit, so that the air breathed into the throat and lungs is like that of the White Mountains and other health resorts where hay fever is unknown.

The fact that H. P. Dunn & Co. agree to refund the money to their hay fever customers if it fails to relief, should inspire confidence in every sufferer.

A complete outfit costs only \$1.00, extra bottles 50c.
